

Simplify promotion and tenure, review faculty activities, and enhance reporting capabilities

“I feel like the transparency, clarity, and equity that you’re able to achieve using Anthology Faculty ePortfolios makes all the difference and that’s the whole reason to put this effort in.”

DR. CELENA KUSCH
Executive Director, Center for Academic Innovation and Faculty Support University of South Carolina Upstate

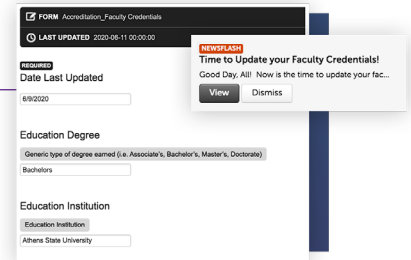

Annual review, promotion, and tenure

- Digitize annual review and promotion and tenure workflows
- Increase transparency in the guidelines, process and expectations
- Track progress and provide guidance to internal and external stakeholders

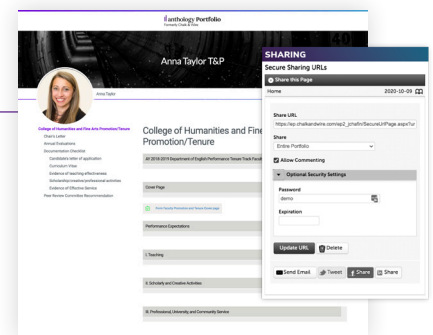

Activity tracking and reporting

- Customizable reporting to support accreditation and analysis
- Bulk import options with validation workflows
- One centralized location for review of scholarship of individual faculty members, departments, or other committee reviews

Professional, online profile

- Templated and customizable portfolio frameworks
- Showcase achievements online with easy authoring and curation of teaching, scholarship, and activity evidence
- Share securely and update scholarship content in real-time

Connect more with the Anthology Assessment Ecosystem

anthology Planning

Anthology Portfolio results are easily integrated into **Anthology Planning** assessment reports, allowing colleges and programs to seamlessly relate learning assessment data to the institutional reporting structure without duplicating effort.

anthology Insight

Anthology Portfolio assessment results are connected to other datasets in **Anthology Insight's** dashboards and analytics, which broadens your ability to see the impact of campus-wide patterns and trends.

anthology Milestone

Recognize learner skills and achievements in Anthology Portfolio by automatically awarding badges in **Milestone**.
